The OAE is committed to diversity & inclusion and creating a welcoming environment for all musicians. About the OAE

The OAE is a freelance, period instrument orchestra specialising in, but not exclusively limited to, repertoire from the *Age of Enlightenment*: from the Baroque, Classical and Romantic tradition. As a self-governing orchestra, all members are expected to take an active part in the governance and promotion of the orchestra. This could include being a member of our Players' Artistic Committee which is responsible for artistic direction and the maintaining of standards. Other responsibilities include being a member of audition panels, supporting fundraising, contributing to our [YouTube channel](#) and supporting our education work across the UK.

The 2021/22 Season sees the OAE working alongside our Principal Artists, continuing our residency at London's Southbank Centre and Glyndebourne Festival Opera as well as touring nationally and internationally. Off the concert platform, the OAE has a vibrant Education Programme.

In October 2020, we launched our digital subscription platform, [OAE Player](#), which features over fifty new music performance videos, created specifically for an online audience and filmed in-house by the OAE's digital team.

Acland Burghley School

In summer 2020 the OAE moved into Acland Burghley School in Camden, North London. The residency – a first for a British orchestra – allows us to live, work and play amongst the students of the school. Three offices have been adapted for our administration team, alongside a recording studio/library. The Grade II listed school assembly hall is used as a rehearsal space, so for the first time, we are all in the same place: players, staff and library.

The school is not just the OAE's landlord or physical home. Instead, it offers the opportunity to build on twenty years of work in the borough through the OAE's long-standing partnership with Camden Music. Having already worked in eighteen of the local primary schools that feed into ABS, the plans moving forward are to support music and arts across the school into the wider community.

This new move underpins the OAE's core 'enlightenment' mission of reaching as wide an audience as possible. The move has been made possible with a leadership grant of £120,000 from The Linbury Trust, one of the Sainsbury Family Charitable Trusts. Their support has facilitated the move to the school and is underwriting the first three years of education work.
